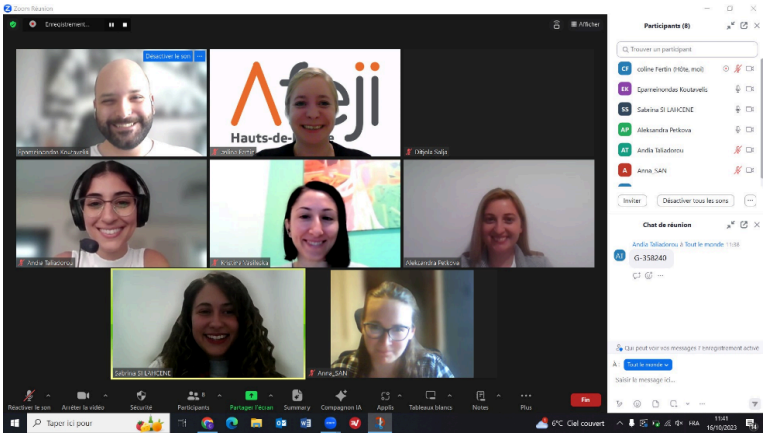
PRESS RELEASE

Hold On 2nd Transnational Project Meeting

16th October, 2023

Online



Updates about Work Package 2: Youth Capacity Building

The 2nd Transnational Project Meeting for the Erasmus+ Project HOLD ON has been completed. The partners initially reviewed the intriguing survey results and discussed the forthcoming in-depth desk research focused on peer support policies in each country.

The launch of Work Package 3: Fostering Supportive Environments

The Macedonian partner and leader of WP3, KMOP – Skopje, presented WP3. WP3 addresses the importance of committing to providing and accessing quality informal youth-focused mental health services in places where youth spend their time and connect with others, such as educational institutions, youth centres, job centres, cultural centres, sports centres and other non-medical service points.

The leaders provided information for developing the Insights Report, the Handbook and the National Matchmaking Days. Each partner will undertake the national research for the Insights Report, which

involves the execution of interviews with professionals who work with young people and national desk research. Later, partners will develop the designated modules of the Handbook and organise and facilitate a National Matchmaking Day.

Discussion of responsibilities and future steps

During this meeting, specific deadlines were established for upcoming tasks, and quality and dissemination responsibilities were discussed and assigned.

We would like to thank our coordinator, AFEJI (France), and the rest of our partners: KMOP Education and Innovation Hub (Greece), Bashkia Shkodër (Albania), Społeczna Akademia Nauk (Poland), and KMOP Skopje (North Macedonia) for their collaboration and contribution to the project and meeting.

👉 Follow the 'Hold On' social media to be updated about the project's progress and be the first to learn about the interesting outcomes of our mental health and peer support survey conducted among youth around the EU!
